EDUCATION

University of Bonn, Germany
 PhD Student, Computer Vision Lab (2021 - present)
 Supervisor: Juergen Gall
 Topics: Video Understanding, Action Anticipation,
 Unintentional Action Prediction

University of Bonn, Germany
 Master of Computer Science (*with honors*) (2018 - 2021)
 Specialization: Vision, Graphics and Audio
 Thesis: Action Anticipation in Videos
 Supervisor: Juergen Gall

Kharkiv National Karazin University, Ukraine
 Bachelor of Computer Science (*with honors*) (2014 - 2018)
 Thesis: Development of models for optimal configuration of a
 data-center using optimization methods on graphs
 Supervisor: Pavlo Barkhaev

EXPERIENCE

Research Scientist Intern (2026-2026)
 Qualcomm, Amsterdam, Netherlands
 Tasks: Efficient Video Generation

Research Scientist Intern (2022 - 2023)
 Meta, Redmond, USA
 Tasks: Whole-body pose estimation

Research assistant (2019 - 2021)
 University of Bonn, Computer Vision Lab, Germany
 Tasks: research in the area of Semantic Segmentation

Teaching assistant
 Video Analytics, Computer Vision, Computer Vision Lab and Seminar
 University of Bonn
 Winter / Summer Semesters 2021-2025

PUBLICATIONS 2026

**Where Compute Matters: Heterogeneous Attention for Efficient Video Dif-
 fusion**
*Olga Zatsarynna, Denis Korzhenkov, Juergen Gall, Amir Habibian, Mohsen Ghafoo-
 rian*
 (Under Review)

ForeSITE: Forecasting Spatial Interactions with Time
Laura Bragagnolo, Olga Zatsarynna, Lars Doorenbos, Stefano Ghidoni, Juergen Gall
 (Under Review)

STRIVE: Structured Spatiotemporal Exploration for Reinforcement Learning in Video Question Answering

Emad Bahrami, Olga Zatsarynna, Parth Pathak, Sunando Sengupta, Juergen Gall, Mohsen Fayyaz

(Under Review)

Post-Training VLMs for Video Mistake Detection

Federico Spurio, Olga Zatsarynna*, Lars Doorenbos, Emad Bahrami, Gianpiero Francesca, Juergen Gall*

British Machine Vision Conference (BMVC 2026)

Looking Into the Unknown: Exploring Action Discovery for Segmentation of Known and Unknown actions

Federico Spurio, Emad Bahrami, Olga Zatsarynna, Yazan Abu Farha, Juergen Gall

Computer Vision and Image Understanding (CVIU 2026)

Towards Generalizing Temporal Action Segmentation to Unseen Views

Emad Bahrami, Olga Zatsarynna*, Gianpiero Francesca, Juergen Gall*

International Journal of Computer Vision (IJCV 2026)

2025

MixANT: Observation-dependent Memory Propagation for Stochastic Dense Action Anticipation

Syed Talal Wasim, Hamid Suleman, Olga Zatsarynna, Muzammal Naseer, Juergen Gall

IEEE/CVF International Conference on Computer Vision (ICCV'2025)

MANTA: Diffusion Mamba for Efficient and Effective Stochastic Long-Term Dense Anticipation

Olga Zatsarynna, Emad Bahrami, Yazan Abu Farha, Gianpiero Francesca, Juergen Gall

IEEE/CVF Conference on Computer Vision and Pattern Recognition (CVPR'2025)

SyncVP: Joint Diffusion for Synchronous Multi-Modal Video Prediction

Enrico Pallotta, Sina Mokhtarzadeh Azar, Shuai Li, Olga Zatsarynna, Juergen Gall

IEEE/CVF Conference on Computer Vision and Pattern Recognition (CVPR'2025)

2020 - 2024

Gated Temporal Diffusion for Stochastic Long-Term Dense Anticipation

Olga Zatsarynna, Emad Bahrami*, Yazan Abu Farha, Gianpiero Francesca, Juergen Gall*

European Conference on Computer Vision (ECCV'2024)

Action Anticipation with Goal Consistency

Olga Zatsarynna, Juergen Gall

IEEE International Conference on Image Processing (ICIP'2023).

Self-supervised Learning for Unintentional Action Prediction

Olga Zatsarynna, Yazan Abu Farha, Juergen Gall

German Conference on Pattern Recognition (GCPR'2022), Oral.

Multi-Modal Temporal Convolutional Network for Anticipating Actions in

Egocentric Videos

Olga Zatsarynna, Yazan Abu Farha, Juergen Gall

IEEE Workshop on Precognition: Seeing through the Future (CVPRW'2021), **Oral**

Discovering Latent Classes for Semi-Supervised Semantic Segmentation

Olga Zatsarynna, Johann Sawatzky, Juergen Gall

German Conference on Pattern Recognition (GCPR'2020), **Oral**.

ACADEMIC ACTIVITIES

Reviewer: ICCV'2023, ECCV'2024, CVPR'2025, ICCV'2025, CVPR'2026, ECCV'2026, AAAI'2027, TIP, TPAMI, CVIU

Organization Assistantce: German Conference on Computer Vision (GCPR'2021)

Co-author:

- EuroHPC Benchmark and Regular access grant with Professor Dr. Juergen Gall, 360K GPU hours, 2024
- EuroHPC Benchmark and Regular access grants with Professor Dr. Juergen Gall, 400K GPU hours, 2025

HONORS AND AWARDS

Compute Award for Efficient Video Understanding and Unified Action Anticipation EuropHPC
2025

Outstanding Reviewer at CVPR'2025
Nashville, USA, 2025

Outstanding Reviewer at ECCV'2024
Milano, Italy, 2024

Compute Award for Large-Scale Open-Vocabulary Video Understanding and Anticipation EuropHPC
2024

Master Degree with Distinction
University of Bonn, 2021

**Bonner Informatik Gesellschaft
Best Master Thesis Award**
University of Bonn, 2021

DAAD Scholarship for Graduate Students
Bonn, 2018

Bachelors Degree with Distinction
Kharkiv, 2018
